

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how long and tiresome it would be to clean-up right after a party, with no assistance from equipment. Previously, the dirt from upholstery and carpets had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the top cleaning products back then.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the business in the year 1906, he began to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's dream from the beginning was to have an international business marketing goods internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by one individual. This invention came in a time where various cleaning equipment were very big and required at least 4 operators, thus, the Nilfisk C1 transformed everything and evolved the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an ongoing problem; stuff get dirty and need to be cleaned regularly, without a lot of effort.

Slowly but steadily, Nilfisk-Advance grew through the decades. During the 1980s, this growth truly took place when the business became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap forward within the industry, aspiring to be among the largest international players in the market of professional cleaning machines. Nilfisk-Advance is presently represented in all parts of the globe due to gradually obtaining numerous smaller businesses to be able to expand their product selection and presence in new markets. They are proud to offer a range of cleaning solutions to meet every requirement.
