

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since the year 1959. Whether the job requires transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler will really help make the work go easier and faster. These units are available together with the patented Stabil-Trak stability system so as to ensure operator confidence.

The horizontal placement system by Lull can supply 80 inches of boom travel for precision placement capabilities. There are even a lot of optional Lull attachments for their telehandlers in order to help finish whichever task.
